

## Dwa Glosy, Jedno serce

### WINTERSONG

st. i muz. Sarah McLachlan

#### [Verse 1]

Lake is frozen over  
Trees are white with snow  
And all around reminders of you  
Are everywhere I go  
Ooh, ooh

#### [Verse 2]

It's late and morning's in no hurry  
But sleep won't set me free  
I lie awake and try to recall  
How your body felt beside me  
When silence gets too hard to handle  
And the night too long

#### [Chorus]

And this is how I see you  
In the snow on Christmas morning  
Love and happiness surround you  
As you throw your arms up to the sky  
I keep this moment by and by

#### [Post-Chorus]

Oh, I miss you now, my love  
Merry Christmas, merry Christmas  
Merry Christmas, my love
